

BQ Committee Candidate Statement

Margo Hickman

I am a Registered Nurse and thoroughly enjoy cycling in my free time. I have been a keen cyclist most of my life, cycling to school in my younger years and then continuing to enjoy cycling in my free time as an adult. I am currently a member of the Wilston Grange Triathlon Club, and the cycling leg is my favourite by far.

I am interested in being active in my community, and promoting healthy activity such as cycling, as an essential part of our busy lives. Cycling safety is of particular interest to me. I have been a BQ member for many years, and I'd like to volunteer my time and offer my skills to the committee. I have many years experience as an office bearer for an Australasian professional nursing group, and I hope that these skills might be adaptable to my local community as well.
