GET ON YOUR BIKE!

With all the change happening over the last few months, it's a great time to create some new school travel routines. Most bikes are either new or freshly serviced and people are taking in more fresh air to keep minds and bodies happy and healthy.

At Bicycle Queensland we want parents to feel confident in making healthy choices when it comes to getting the kids to school, so we've come up with some steps to get you moving to school, without your car.

Make the most of the Queensland Government's \$150 Fair Play voucher and enrol in our 8-week travel skills program that gives you membership and entry into our Pedal Queensland online event.

READY TO ROLL

- Tie up your laces or complete an ABC bike check
- Put on your helmet straight and snug
- Pack your school bag

SET YOUR TRAVEL PLANS

- Search for the best route
- Review the road rules
- Grab a bike buddy

GO!

- Test your travel route
- Part way is okay

DO IT ALL AGAIN!

Check the Bicycle Queensland webpage for more information about getting your bike ready to roll and join our community to gain some tips and tricks to help you become more confident and comfortable on the bike.
